

SUPREME COURT HOLDS PROHIBITION CONSTITUTIONAL

DARK HORSE STOCK SOARED ON EVE OF THE CONVENTION

CHARLES HUGHES SEEM TO TOP BOOM IN DARK HORSES WITH SPROUL, LENROOT, ALLEN, ETC., TRAILING

LEADING CANDIDATES ARE HOLDING LAST MINUTE POW-WOWS TO GET SECOND CHOICE SUPPORTERS

HUGH BAILLIE (Staff Correspondent United Press.) Chicago, June 7.—Dark horse stock soared today on the eve of the opening of the republican national convention.

The boom in dark horses was topped by Charles Evans Hughes, standard bearer of the party in 1916. Delegates coming in reported much Hughes talk throughout the country. Hughes headquarters were opened here and Senator Borah, field marshal for Senator Johnson, told newspaper men that if Hughes would accept an anti-league of nations platform plank he would favor him as second choice candidate, providing, of course, Senator Hiram Johnson's nomination proves impossible. This is in no sense an abandonment of Senator Johnson it was emphasized. The name of Irvine L. Lenroot, senator from Wisconsin, also figured prominently in the dark horse talk. It was rumored that Governor Sprout of Pennsylvania would receive the support of the old guard when balloting starts at the Coliseum.

Some delegates heard that a campaign stampede for Gov. Allen was being arranged, and others had information that General Pershing would be sprung. Meanwhile Hoover backers were busy lining up the second choice vote. The candidates who heretofore apparently have been leading the race, were conducting last minute pow-wows. The most spectacular ceremony was scheduled for tonight when Senator Johnson is to address a mass meeting, and his adherents will have the final rally. A compromise treaty plank was being considered both by reservationists and "bitter enders," and there was a prospect of complete harmony in that score.

A caucus of delegates was expected to last until late tonight and some may be held tomorrow morning.

A delegation of women suffrage workers was visiting candidates asking them to use their influence to bring about ratification of the suffrage amendment before election day.

Decline to Re-Open Contest

Chicago June 7.—The republican national committee today unanimously denied a petition by the anti-Mulvihill delegates of Mississippi to re-open Mississippi contests.

The committee concluded pre-convention work and expressed regret at the departure of the committee and all members who will step out after the present convention.

Miller Will Nominate Hoover

Chicago, June 7.—Hoover supporters today selected Judge Nathan Miller of New York to make the nominating speech for their candidate. For some time they had planned to have no formal speech putting Hoover into the convention.

5 PERSONS KILLED 100 ARE INJURED

IN AN EXPLOSION AT THE PLANT OF THE MASON TIRE & RUBBER CO., KENT, O.

(United Press) Akron, Ohio, June 7.—Five persons were killed and more than one hundred injured today in an explosion at the plant of the Mason Tire & Rubber Co., at Kent, twelve miles from here, according to messages received by local police.

PREUS SLIGHTLY INJURED AUTO RAN INTO DITCH

(By United Press) Kasson, Minn., June 7.—J. A. O. Preus, republican candidate for governor, who with other members of the campaigning party, was slightly injured Sunday when his automobile went into a ditch between Northfield and Farmington, spoke at Dodge Center early today and at Owatonna at noon. He was to make six stops enroute to Albert Lea.

5,621,151 GIVEN NEW YORK CITY IN CENSUS COUNT

OFFICIAL FIGURES SHOW AMERICAN METROPOLIS FALLS MORE THAN 1,000,000 SHORT OF LONDON'S POPULATION

Washington, June 7.—New York has fallen more than 1,000,000 short of being the world's greatest city, according to figures given out at the census bureau Saturday. The American metropolis has a population of 5,621,151 persons, according to the 1920 census. Official figures obtained here showed London with 6,726,753, still the world's metropolis.

Since 1910 New York has gained 854,268 in population.

The 1910 population of New York was 4,766,883, showing that in the last 10 years the size of the city has increased 17.9 per cent.

N. Y. Second in World

London, it is estimated, had a larger population before the war than now. New York, however, is easily the second city of the world. Paris in 1911 had 2,888,000 inhabitants; Tokyo, Japan, in 1916, had 2,244,796, and Berlin in 1910, 2,071,000. It is not believed that these cities have had sufficient growth to bring them to the level of New York.

Coming to this side of the water, census officials expect New York to have a larger population than most states. While complete figures are not available, it is expected that only Ohio, Texas, Pennsylvania, Illinois and New York state itself will exceed the population of New York city.

Boston Population Announced

Boston's population was announced as 747,923, an increase of 77,338 or 11.5 per cent. The Boston figures show that city smaller than St. Louis, but larger than Baltimore, Cleveland and Detroit may outstrip both of these cities, which were fourth and fifth in 1910.

Rice Lake, Wis., 4,457, an increase of 489, or 12.3 per cent.

Mohrville, S. D., 2,517, an increase of 2,317, or 192.1 per cent

Chilton, Wis., 1,833, an increase of 203, or 19.8 per cent

Neenah, Wis., 7,171, an increase of 1,437, or 25.1 per cent.

Buffalo, N. Y., 595,875, increase 82,160, or 19.4 per cent.

WADENA COUNTY INCREASES 23 PER CENT IN POPULATION

(By United Press) Washington, June 7.—The census bureau today announced the population of Wadena county, Minn., as 10,699, an increase of 2,945, or 23.6 per cent.

WHY SUGAR IS HIGH

New York, June 7.—Evidence adduced by the Lusk legislative committee, investigating the high cost of living, revealed the fact that a syndicate of bankers have loaned the Cuban sugar planters \$250,000,000 on their 1920 crop. This money is being used to hold up the price of sugar to the American consumer. Among the banks named as loaning money is the National City Bank owned and controlled by the steel trust and the Standard Oil, through its Havana branch, at the rate of from 8 to 14 cents a pound of sugar. Some banks have loaned \$25 a bag, while others have gone as high as \$56 a bag. A bag of sugar weighs about 320 pounds.

NOTHING EXCITING AT CONVENTION

CORRESPONDENTS BEWAIL LACK OF INTEREST AND EXTREME APATHY—HIDE DOPE IS FORTHCOMING

(By United Press)

Chicago, Ill., 7.—There is something wrong with this convention or with its preliminary arrangement. I have been here ten days now and not a soul has whispered the inside low-down dope in my ear. This is not usual, and it isn't right.

Any other convention would be different. But this time the stuff that goes in one ear and out the other, would have worn a double track through both ears. The inside, low-down dope is what we get from earlier arrivals. The earlier arrivals get it from other earlier arrivals from four years ago, from eight years ago, from twelve years ago, multiplied indefinitely by four they would have had it already for us comparatively late comers.

All old timers are here and there is not a thing to whisper for distinguished Washington correspondents and political experts from their home town papers.

Don't put this down against newspaper men however. They know what is going on, alright. The trouble is there isn't anything doing. It isn't right for this reason: It indicates an apathy that cannot be called good for the American people.

Unless this convention develops differently all the turmoil will find no useful outlet.

JULIUS SCHMAHL WITHDRAWS FROM RACE FOR GOVERNOR

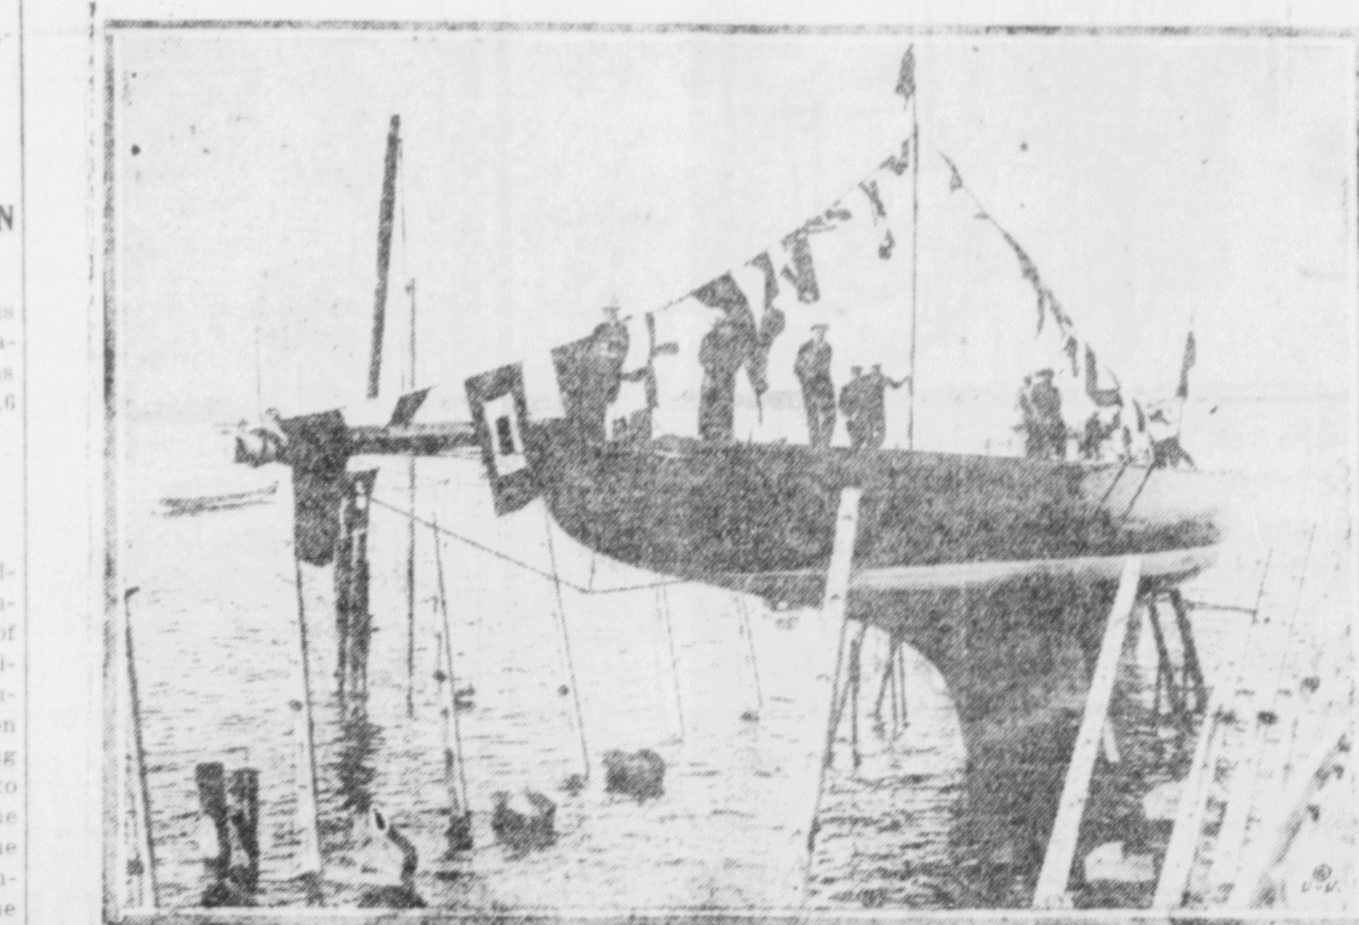

WIRES COUNTY AUDITORS TO KEEP HIS NAME OFF BALLOTS, ISSUES STATEMENT

(By United Press)

St. Paul June 7.—Julius A. Schmah, secretary of state, today withdrew as candidate for the republican nomination for governor. He telegraphed to all county auditors to scratch his name from the ballots.

In the statement he made no reference to other candidates and said he feels "at this late date in the fairness to the party which for twenty years has honored me, I should withdraw from the race." He said chaotic political conditions in the state was the cause for this action.

Shamrock IV.'s Freak Lines as Silhouetted at Launching

This photograph was taken while the Shamrock IV, Sir Thomas Lipton's America's Cup challenger, was being launched at Jacob's shipyard. No wine was wasted as the Irish lines. The above photograph shows them well—her rounded bow, cut off stern and tumble home or inward slope of the top sides of her hull. The mast was stepped the day after the Shamrock IV, took the water.

VOLSTEAD ACT ENFORCING IT IS ALSO VALID

ANY STATE LAW PERMITTING MORE THAN ONE-HALF OF ONE PER CENT IS NULLIFIED

HOPE OF BREWING INTERESTS TO MANUFACTURE BEER AND WINE IS SHATTERED

Washington, June 7.—The U. S. supreme court today upheld constitutional prohibition.

By a sweeping decision the court declared that the prohibition amendment to the constitution is valid and held that the Volstead law enforcing it, is constitutional.

The court action means that the Volstead law prohibiting sale of any beverage containing one-half of one per cent or more alcohol, must be enforced in every state in the union regardless of whether the state has ratified the amendment.

State laws providing a higher alcoholic content such as have been enacted in Wisconsin, New Jersey and Rhode Island, are nullified.

The decision dispels the hope of brewing interests that the property could be used for manufacture of light beer and wines.

The court's decree rendered after three months of legal attacks on the law by liquor interests in wet states, is a complete victory for the federal government and prohibition forces.

It is so far-reaching that it settles once for all that national prohibition will stand until the prohibition amendment is removed from the constitution by action of three-fourths of the states. The prohibition amendment was legally ratified giving congress power to enact the Volstead law.

Upholding the amendment the court said prohibition is a valid subject for an addition to the constitution.

The constitutionality of the Volstead law was based on general principles laid down by Chief Justice Marshall more than one hundred years ago. It held that state law conflicting with federal status the federal law is supreme.

Ultimately Justice McKenny said the law would prohibit liquor intoxicating in fact and not with any percentage of alcohol.

Justice Clark dissented in part. Justice Vandeverter lead the opposing of the court.

The court granted sixty days to the wet attorneys in which petitions for rehearing of the prohibition cases may be filed.

"OLD GUARD" DECIDES PROGRAM

ALL REGULAR SUPPORTERS WILL CONSOLIDATE ON NOMINATION OF LOWDEN

HERBERT WALKER

(United Press Staff Correspondent.) Chicago, June 7.—The "old guard" was reported from several sources today to have finally decided upon its program for the republican national convention which opens tomorrow.

It was learned from authoritative sources this afternoon that the first name to be presented to the convention will be that of Gov Lowden. When the roll of states is called in alphabetical order for nomination, it is understood the first state will announce:

Alabama, as no candidates and yield to Illinois.

The second name it is said will be that of Major General Wood. In presenting his name Arizona is expected to yield to Kansas. The other candidates probably will be presented in order of their states which makes Senator Hiram Johnson's name third.

The alleged harmony plan on the platform was said to contemplate consolidation of all regular supporters upon Governor Lowden for the presidential nomination. In the event a deadlock develops and Lowden cannot be nominated, old time reports had it that Dr. Nicholas Murray Butler would be the "old guards" second choice.

Lowden, in an interview today, emphasized a belief that domestic issues would have the preference in the presidential campaign over foreign affairs. This coincides with Butler's previously announced idea.

DISTRIBUTE THREE HUNDRED MILLIONS TO THE RAILROADS

INTERSTATE COMMERCE COMMISSION DECIDES TO USE REVOLVING FUND FOR THAT AMOUNT

(By United Press.)

Washington, June 7.—The interstate commerce commission today announced it will distribute a \$300,000,000 revolving fund created by the transportation act as an aid to the railroads.

The committee authorized \$125,000,000 for the purchase of new equipment and betterment, \$50,000,000 for railroads to meet maturing obligations, and \$125,000,000 for short line railroads.

BORAH FAVORS HUGHES AS SECOND CHOICE

Chicago, June 7.—Senator Borah of Idaho, stated today that Charles Evans Hughes would be acceptable to him as a second choice, providing Hughes would agree to the kind of platform Borah wants.

This statement, Borah explained, in no way means abandonment of Senator Hiram Johnson, and would hold good only should Johnson be unable to get the nomination.

STATE DELEGATES CAUCUS TODAY AT CHICAGO

TO SELECT NATIONAL COMMITTEEMAN MINNESOTANS SELECT COMMITTEE REPRESENTATIVES

H. W. WALKER

(United Press Staff Correspondent.) Chicago, June 7.—Caucuses of state delegates to the republican national convention occupied the political limelight here today. More than a score of delegates met to perfect organizations, elect national committeemen and consider for whom they will cast their votes.

The Minnesota caucus failed to reach an agreement on a national committeeman because of the contest in the tenth district between Major General Wood delegates and unattached delegates. Other official selections were: Delegation chairman, C. H. March; resolutions, Frank Murphy; credentials, Leavitt Corning; rules, Mrs. Hanley Fosseen; permanent organization, Earl Simpson.

ORGANIZED LABOR WILL NOT GIVE UP RIGHT TO STRIKE

THIS WAS THE EMPHATIC DECLARATION OF PRESIDENT SAMUEL GOMPERS OPENING ADDRESS

TO THE ANNUAL CONVENTION OF THE AMERICAN FEDERATION OF LABOR AT MONTREAL, QUEBEC, CANADA

RALPH COUCH

Montreal, Quebec, June 7.—Organized labor is determined not to give up the right to strike, President Samuel Gompers made clear here today in opening the fortieth annual convention of the American Federation of Labor.

Mayor Martin today attended the opening session of the fortieth annual convention. Martin read an address of welcome.

Senator Robertson, Canadian minister of labor, welcomed the delegates on behalf of the dominion government.

Both Robertson and Martin are members in good standing of trades unions.

\$500,000 GIVEN CARLETON COLLEGE

BIG GIFT FROM FERGUS FALLS MAN, GRANDSON OF THE FOUNDER

Minneapolis, June 7.—Gift of \$500,000 to Carleton college at Northfield by F. C. Barrows of Fergus Falls, grandson of Charles M. Goodsell, who founded the college in 1865, was announced last night.

The gift includes property and securities, the income from which is to be used for building purposes at Carleton for 25 years, after which the property will be turned over to the board to be used as it sees fit.

Mr. Barrows, who graduated from Carleton college in 1883, said last night he made the gift because of the need of additional funds for buildings at the college.

PARTY LEADERS WORK FOR HARMONY ON TREATY PLANK

WANT TO KEEP TREATY FIGHT OFF THE FLOOR OF THE CONVENTION—CONFERENCE HELD

BORAH AND JOHNSON WILL INSIST ON REJECTION OF COVENANT EVEN WITH RESERVATIONS

L. C. MARTIN

(United Press Staff Correspondent.) Chicago, June 7.—Republican party leaders today centered their efforts on preventing a row over the treaty plank of the platform on the floor of the convention.

Senator Lodge, temporary chairman of the convention; Senator Watson leading candidate for chairman of the resolutions committee, and Will H. Hays, chairman of the republican national committee, took leading parts in pacification efforts.

The task is to write a plank which will be acceptable both to "bitter enders," opponents of the league of nations headed by Senators Johnson and Borah, and the mild reservationist group, represented by Representatives Hale of Maine, Kellogg of Minnesota and Lenroot of Wisconsin.

After a conference with Senator Johnson, Borah announced today that he and Johnson were standing pat for a platform plank utterly condemning the Wilson league of nations. They do not want the party to go on record in favor of ratification of the league covenant even with reservations.

Settlement of Differences Probable Chicago, June 7.—Settlement of the differences over the treaty plank in the republican platform without a fight in the opening convention is in sight, Senator Borah of Idaho, leader of the anti-treaty force, said today.

The settlement which now seems certain, will be acceptable by stating in the plank that party adherence to the policy of Washington and Monroe on an international question. This satisfied Senators Borah and Johnson. Chairman Hays, Senator Watson, Senator Lowden and other leaders are willing to include such a statement. Borah is not greatly concerned over the erection of any plank, he said, so long as it does not in any way approve the Wilson league of nations.

PRESIDENT AND CABINET WILL DENOUNCE CONGRESS

WILL SEEK TO PLACE BLAME ON CONGRESS FOR THEIR OWN FAILURE TO PROSECUTE PROFITEERS

(By United Press)

Washington, June 7.—All cabinet officers will join in the denunciation of the republican congress, started by President Wilson, it was made known at the White House today.

The Wilson administration in its statement, denounced congress as revealing its major strategy in the battle for the treaty of Versailles, according to well informed democrats here today.

This strategy is to attack the republican congress, not only for defeating the treaty, but from every other conceivable angle in the hope of defeating as many members as possible and bring about a complete congressional shakeup. Three statements attacking congress have already been issued.

MARTIAL LAW PROCLAIMED AT GALVESTON

(By United Press)

Austin, Texas, June 7.—Martial law at Galveston was declared today by Governor Hobby because of the stevedores strike. It was effective at noon.

THE WEATHER

25TH ANNIVERSARY

Mr. and Mrs. J. M. Hayes Entertain a Group of Friends on Occasion of Wedding Anniversary

Mr. and Mrs. J. M. Hayes entertained a group of 25 friends on the occasion of their twenty-fifth wedding anniversary. It was in the nature of a surprise party for them and no inkling of the approach of their friends was given until the leaders opened the doors of the home.

Silverware was presented to the happy couple. Five hundred was played, followed by a dainty luncheon.

Campbell-Doucette

Miss Margaret Campbell, daughter of Mrs. Mary Campbell, and Orville Doucette, both of Fort Ripley, were married Monday morning at 9 o'clock at St. Francis Catholic church, Rev. Father J. J. O'Mahoney officiating.

The bride was charmingly gowned in white georgette and carried a bouquet of roses. The bridesmaids were the Misses Elsie Doucette and Katherine Campbell who wore yellow voile. The best men were Omer Doucette and Patrick Campbell.

After a wedding tour to Duluth and Minneapolis they will make their home on a farm near Fort Ripley. Their many friends wish them all possible happiness and success.

Ritchie-Ackerman

The marriage of Enoch M. Ritchie and Miss Clara M. Ackerman took place at Walker Tuesday morning, June 1, Fr. Cren performing the ceremony. The couple were attended by John and Pauline, brother and sister of the bride. Both of the contracting parties are well known in Pine River and vicinity and have the united best wishes of all. They will make their home at Park Rapids and will be at home to the friends after July 1st.—Pine River Sentinel-Blaze.

Glines-Swensen

The home of Mr. and Mrs. Fred Peabody of Riverton, was the scene of a very pretty wedding Wednesday, when William Henry Glines and Miss Agnes Swensen were married. The ring ceremony was used and Rev. Kelly officiated, the bride being given away by her mother, Mrs. Joakime Swensen of Brainerd. The young couple will make their home in Riverton.

Birthday Surprise

Twenty-five friends gathered at the home of Mrs. F. E. Russell and surprised her. The evening was spent in conversation and music. Dainty refreshments were served, after which she was presented with a beautiful cut glass sugar bowl and creamer and salt and pepper shaker.

Calumet Baking Powder
NOT MADE BY THE FIRST
CALUMET BAKING POWDER CO.
CHICAGO

For Sure Results use Calumet. It stands highest in uniformity and leavening strength. There is no more chance for failure than there is for sugar not to sweeten. That's one reason why there's more Calumet sold than any other brand on earth. Another reason is—because it's absolutely pure in the can and in the baking. And still another reason—it's the most economical to buy and to use—moderate in cost, goes farther and prevents baking soda waste. Every reason why you should order a can on trial today.

You save when you buy it—You save when you use it.

Calumet contains only such ingredients as have been approved officially by the U. S. Food Authorities.

AT THE SUNDAY SCHOOLS

Blankin-Rosby
The Church School members of the People's Division an excellent life service. He particularly enjoyed the attractions of the work. He also urged those entering the professions, business or whatever their calling to devote their leisure time to the service of Christ in the redemption of the world.

We shall greatly miss those of our teaching force who will be gone for the summer. Among those will be Mrs. T. C. Croswell, the Misses Franklin, Nora Smith and Mrs. M. B. Scherich.

The Children's Day service will be held at 7:45 o'clock next Sunday evening.

The Teacher Training class will review their last book "The program of the Christian Religion" on Thursday evening.

The teachers of the school have record for faithfulness during the summer months and we ask that the parents assist them by sending or bringing all of the household faithfully during the summer time.

PEQUOT BREAD-BAKING TEAM WON FIRST PLACE

In the Crow Wing County Bread baking contest held in Brainerd last Friday, Pequot's Class A team won first place with a score of 97. The members of the team are Lella Pollock, Erma Murray and Beatrice Martyn, captain. The team from Riverton won second place, Pequot's Class B team also heads the list, as they have no competition in the county.

In the individual contest, Lella Pollock won first place with a score of 99, and Beatrice Martyn second with a 98½ score, in Class A.

Jane Ayer of Riverton won first in the Class B contest, with Katherine O'Leary of Pequot and Howard Kramer of Riverton tied for the second place.

The Class A team from Pequot did remarkably good work, and showed splendid team work from start to finish, a good deal of credit for which is due Miss Sitar, domestic science instructor in the Pequot school.

These teams will compete against other county contest winners in this district to decide which goes to the state fair. There are seven or eight counties in the district, and the Pequot team has an excellent chance of winning.

Winners in the county individual contests will have a free trip to the state fair. There is just a probability that when the state department reviews the stories of the contestants there will be a change in rank, but it is not likely.

In explanation it might be said that Class A contests are for those who have had domestic science instruction in school, and Class B for those who have not.—Pequot Review.

Sunday School Festival

A Sunday school festival will be held at the Norwegian-Danish Lutheran church parlors at 7:30 o'clock Friday evening, June 18. Ice cream, cake and coffee will be served after the program.

The Philathea class of the First M. E. church will meet this evening at the home of Mrs. A. F. Swenson, 801 Fir St. Members are requested to be present and friends are welcome.

Rebekah Social Club
Mrs. Chas. Risk and Mrs. S. A. Lindberg will entertain the Rebekah social club home of Mrs. Lindberg, 818 So. 7th St. All Rebekah members are requested to be present.

Comes Early in Spring.
Among the first birds to arrive in spring in the northern part of the United States is the bluebird, says the American Forestry Magazine of Washington.

How's This?
We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Medicine.

Hall's Catarrh Medicine has been taken by catarrh sufferers for the past thirty-five years, and has become known as the most reliable remedy for Catarrh. Hall's Catarrh Medicine acts thru the Blood on the Mucous surfaces, expelling the Poison from the Blood and healing the diseased portions.

After you have taken Hall's Catarrh Medicine for a short time you will see a great improvement in your general health. Start taking Hall's Catarrh Medicine at once and get rid of catarrh. Send for testimonials, free.

Miss Helen Taft
Mr. and Mrs. William Howard Taft have announced the engagement of their daughter, Miss Helen Taft, acting dean of Bryn Mawr, to Frederick Johnson Manning. He is an instructor in Yale University. Mr. Manning was a member of the class of 1916 in Yale and until September, 1919, was a first lieutenant in the Field Artillery, U. S. A. Reports of the engagement a month ago were denied. The wedding will take place in Canada in July, probably at Murray Bay, Quebec, where Mr. and Mrs. Taft usually spend part of the summer.

Cloves.
Ninety per cent of the world's supply of cloves comes from the Zanzibar archipelago, but it is alleged that a large proportion is lost through inefficient means employed in picking the crop.

Alarm Wrist Watch.
With an alarm wrist watch is supplied an electric battery to awaken a sleeper at a designated time by sending a current through and warming a strip of metal on his arm.

QUIT MEAT WHEN KIDNEYS BOTHER

Take a glass of Salts before breakfast if your Back hurts or Bladder is troubling you.

HAVE ROSY CHEEKS AND FEEL FRESH AS A DAISY—TRY THIS!

Says glass of hot water with phosphate before breakfast washes out poisons.

To see the tinge of healthy bloom in your face, to see your skin grow clearer and clearer, to wake up without a headache, backache, coated tongue or a nasty breath, in fact, to feel your best, day in and day out, try inside-bathing every morning with one glass.

Before breakfast each day, "drink" a glass of real hot water with a teaspoonful of limestone phosphate in it as harmless means of washing from the stomach, liver, kidneys and bowels the previous day's indigestible waste—sour bile and toxins; thus cleansing and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases and acidity, and gives one a splendid appetite for breakfast.

A quarter pound of limestone phosphate will cost very little at the drug store but is sufficient to demonstrate that just as soap and hot water cleanses, sweetens and freshens the skin, so hot water and limestone phosphate act on the blood and internal organs. Those who are subject to constipation, bilious attacks, acid stomach, rheumatic twinges, also those whose skin is sallow and complexion pallid, are assured that one week of inside-bathing will have them both looking and feeling better in every way.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which clogs the kidneys, they become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active and the blood pure, thereby avoiding serious kidney complications.

BOND INVESTORS WELL OFF

Most of the lamentation over the low price of Liberty Bonds is unnecessary and rather absurd. The current market price of bonds is important only to those who want to sell them. To those who do not want to sell, who bought the bonds to keep and who intend to keep them, it is of no importance at all.

To such people, the real investors, the bonds are serving the purpose they were intended to serve. The interest is paid regularly, every quarter; and though comparatively small, as interest rates are measured in these days of inflation, it is tax-free in most cases, and far higher than the rates that government securities bore formerly, or will bear hereafter. More important than that, perhaps, the principal is absolutely sure—something not true of the stock investments whose present high dividend rates make bond-owners envious. And all in all, this same investment in war bonds, from first to last, will doubtless make more money for those who stick to it than a similar amount would make for the average investor if scattered through the list of securities that are now making so brave a show.

It is unfortunate that the man or woman who must sell bonds at this time stands to lose on them. Such people are prone to think that they have been cheated; and in a way they are right, because the government at first gave assurance that it would maintain the bonds at par, and possibly could have done so by maintaining a big fund and using it to steady the market.

However that may be, let no one who is able to hang onto his bonds waste any tears in self-pity. He got what he paid for, and is well off, and will lose nothing as long as he stands pat. And when the bonds mature, and he or his children get back the principal, it will be worth a good deal more than it would be in these days of balloon prices.

SCHOOLS FOR GARDENERS

Schools for training gardeners should not be overlooked by those who have in view the co-ordination of school life with practical employment.

One such institution is now well under way at the Botanical Gardens in New York City. The course, which is proving very satisfactory, covers two years, and includes instruction in garden and economic botany, plant diseases and pests, soils, cutting, slipping and transplanting, culture from seeds, and a brief course in garden planning. It does not pretend to include general farming, forestry nor landscape gardening, but deals only with such subjects as will be useful in developing country estates or market and private gardens.

There is great need of trained gardeners. Most of our good ones come from abroad. Many of them are old, and little new material is at hand to take their places. Private and market gardening are continually on the increase; park system call for experienced workers along these lines; instructors will be needed more and more.

Whether performed for oneself or for another, gardening is beautiful and satisfactory work. Wages for it are good. Moreover, men physically unable to do heavier farming can garden successfully. Instruction in it should be generally available.

COLLEGIATE FLYING

The first intercollegiate aviation meet has been held. Flyers from 11 universities participated. Yale won with 9 points. The events included acrobatic flying and rising and landing contests. The altitude flight had to be called off on account of cloudy weather and a strong northerly wind.

It is news to many people that aviation has been added to the long list of collegiate competitive sports. The

Intercollegiate Flying association, however, is not merely a new athletic club added to the list for the sake of furthering college spirit and rivalry. Its members are reserve officers of the United States Air Service. Their races and meets will not only keep up their flying practice, but will also help to interest other college men in this newest of sports. All of which is very fine for developing general interest in aviation, improving airplane types and helping the public to become familiar with the flying machine.

So far this country has lagged behind Europe in use of the airplane for all purposes, particularly for freight and passenger transportation. Intercollegiate flying should quicken general interest in the whole subject and practice of aviation.

"Chocolate Soldier"

"The Chocolate Soldier" has since its first run of two years at the Casino in New York been regarded as the most consummate success ever in the field of fun making musical entertainment.

The story by George Bernard Shaw is written in his clearest satirical vein, with the turbulent Balkan people, with their unique social and military systems as a background.

Colonel Popoff, a blustering military officer of middle age, which part is played by George O'Donnell, a famous comedian, is the center of a maze of exceedingly funny situations in which his capricious wife and charming daughter are interminably mixed.

No playwright of modern times has approached Shaw in the invention of laugh producing complications such as constitute the entire plot of "The Chocolate Soldier" and no musical composer has ever handled such a story more brilliantly than Oscar Straus.

Appreciation of the efforts of the New Park theatre in securing "The Chocolate Soldier" is widespread and right so. At the New Park Friday, June 11.

Always on the Defensive.

A herd of buffalo never moves in a straight line. It always takes a zig-zag course for defense.

More Beef Than Brains.

Some men weigh a lot more on the scales than they weigh in the community.—Boston Transcript.

APPLY SULPHUR TO HEAL UP YOUR SKIN

Broken Out Skin and Itching
Eczema Helped Over Night

For unsightly skin eruptions, rash or blotches on face, neck, arms or body, you do not have to wait for relief from torture or embarrassment, declares a noted skin specialist. Apply a little Mentho-Sulphur and improvement shows next day.

Because of its germ destroying properties, nothing has ever been found to take the place of this sulphur preparation. The moment you apply it healing begins. Only those who have had unsightly skin troubles can know the delight this Mentho-Sulphur brings. Even fiery, itching eczema is dried right up.

Get a small jar from any good drugist and use it like cold cream.

Figure your
painting costs with a brush
instead of a pencil—

You can't figure the cost of painting by figuring what the paint costs per gallon.

What you want to know is how much the paint covers, how well it covers and how long it takes a man and brush to do the work.

One way to figure is with a pencil. The right way is with a brush. Figure this way and you will use Lowe Brothers High Standard Liquid Paint. And once you use it, you'll always use this paint and no other.

Tell us about your painting needs and we will give you some eye-opening facts based on brush figures.

MODERN DENTISTRY

WE wish to announce to the people of Brainerd and surrounding country the opening of our New Dental Offices and to demonstrate our ability and workmanship in the highest class of dentistry. We are going to, for a short time, give the public

High Class DENTISTRY at Afford to Pay

We have one of the finest equipped Sanitary Dental Offices in Northern Minnesota.

Bridge Work—We make a specialty of gold and porcelain bridge work. This is without doubt the most beautiful and lasting work known to dental science. Spaces where one or more teeth have been lost we replace to look so natural that detection is impossible. Ask to see sample of this beautiful work. We Guarantee Our Work, not alone against breakage, but satisfaction.

EVERYTHING OFF ON SUNDAY

No Water, Gas or Electric Current for a Considerable Period of the Sabbath Day

AND BALL TEAM WAS OFF TOO

Notice Given in Dispatch of Turning Off Water, Gas Man Should Have Stored Up Reserve of Gas

Sunday was a decidedly "off" day. As previously notified citizens by the Dispatch, the water was to be turned off early Sunday to permit of water main connections. So Saturday enough baths were taken and enough water stored away to last over Sunday.

About 11:20 of the Sabbath the gas fiddled low and was soon out. Just as meal time approached. Inquiry at the plant elicited the fact that the pump was minus water, which any one knows would happen when the water department had given notice of shutting off the water. The man at the plant said he did not pay much attention to the daily paper and that nobody had notified him of the water being turned off. The plant has many gas storage tanks there and these should have been filled with gas to tide over an emergency such as of Sunday.

To add to the general discomfort some repair work had been done at the electric power station and suddenly the power was turned off in the city. The man at the plant said everything was all right at his end of the line and examination was made throughout the city for the break. At length it was located. The switch had been turned off at the power station.

The worst part of the day was at dinner time. There was no gas, water, or electric current and everybody in town ate cold dinners, pickled dinners, canned dinners. Some went to the hotels, but they were in as much of a quandary as any householder for they were also minus heat for cooking, except for meager wood supplies.

With such an example of "off" things in town June 6, it's no wonder the ball team was "off" too and lost 7 to 0 to Crosby.

THEODORE UMHOEFER

Died Sunday Afternoon at Home of His Daughter, Mrs. John Ernster

Theodore Umhoefer died at the home of his son-in-law and daughter Mr. and Mrs. John Ernster on Sunday afternoon June 6 at 1:40 o'clock. Mr. Umhoefer was born in Bayern, Germany on June 11th, 1832 and was nearly 88 years of age. He came to this country with his parents when 16 years of age and settled in Wisconsin. He married Miss Margaret Mullenberg on Oct. 7, 1856. Six children were born to bless the happy union, three of whom are still living, namely: Mrs. Henry Bush, of Cherokee, Iowa; Mrs. H. B. Sudtoll of Banning, Calif., and Mrs. John Ernster of Brainerd. Mr. Umhoefer was the head of five generations at his death. The deceased was taken to Cherokee, Iowa this afternoon to the home of his daughter Mrs. Henry Bush. The funeral will be held Wednesday June 9th and interment will take place at Mary Hill.

Mr. and Mrs. Ernster and son Omar will accompany the remains to Cherokee, Iowa for burial.

COMMUNICATION

Editor Dispatch: The office of county commissioner is the most important office in the county insofar as it affects the general taxpayer. Every dollar paid into the county treasury not specifically disbursed by statute is expended by the county board, and upon the integrity, the intelligence and business capacity of the board depends the county tax rate that you, Mr. Taxpayer, must pay. No other county official has any voice in fixing the amount of taxes that you shall pay for county purposes. The office of county commissioners now pays sufficient salary to amply compensate the most competent men in the county for their services, and if our present board does not measure up to that standard then the taxpayers are being "gold bricked." They are paying for service that the present board are too small and too narrow to deliver.

With a revenue producing valuation of some twenty millions your taxes are soaring by leaps and bounds with no relief in sight until a change is made in the personnel of our present board.

Taxpayers of the 1st, 3rd and 5th commissioners districts are you entirely satisfied with existing conditions? Are you getting the competent service you are paying for? You have the remedy in your own hands. Wake up.

BRAINERD BLANKED BY CROSBY 7 TO 0

Eddie Lane Proves Almost Invincible, the Crosby Pitcher Only Reached for 5 Hits

PATTERSON IS ASSAILED HARD

Veteran Moundsman for Brainerd Assaulted in Rough Manner by Range Stick Work

Crosby's paid salaried team was too much for Brainerd Sunday. Before a crowd of 863 and with the grandstand filled, Crosby's team with an unbroken string of victories to its credit this year, defeated Brainerd 7 to 0 in a game filled with heavy hitting by the range town, and administered Brainerd's first defeat this season.

Eddie Lane pitched for the visitors, struck out seven and allowed one pass. What hits were made off him were scattered. Irl Morse found him for two two-baggers, but Brainerd allowed Morse to perch on bases. The only Brainerd men to enter the hit column were Morse for two, Peterson two and Cook one. Patterson, who in all his pitching for Brainerd has never lost a game, was touched for 15 hits.

Errors on the part of Brainerd, loose fielding necessarily made so by wet, soggy and sloppy grounds and inability to hit the ball when needed all contributed to Brainerd's defeat.

There was as much difference as between day and night, to see the Brainerd of June 6 and compare it with the Brainerd which battled South St. Paul 4 to 0 on May 31.

There was some excitement in the sixth when the Brainerd team endeavored to chase down Lindahl between third and home, Lindahl getting the throw in his back and scoring safely. Lane attempted to repeat the performance and was caught by third baseman, pitcher and catcher, Moore making the putout.

The old was in miserable shape due to the high water which is backing up the sewer. It rained Sunday morning and that did not improve the grounds any, the water collecting in the outfield and men of both teams scrambled after flies like a hunter after ducks. Schmidt in right field ran for Cook's fly, misjudged distances, attempted to back up and went flat on his back in the mud while the ball nearly poked him in the head.

There was difficulty getting to the park with cars as some property owner near by had started to set posts out for a fence adjoining Koering field.

Manager Strout is negotiating for a return game and when that takes place there may be a different story to tell.

Summary of the game—Two base hits Pratt, Lindahl, Middlebrook, Morse 2, Sacrifice hit Byers 2. Struck out by Lane 7, by Patterson 3. Bases on balls off Lane 1, off Patterson 0. Hit by pitcher by Patterson, Schmidt. Left on bases Crosby 12, Brainerd 4. Double play Lane to Lindahl. Stolen base Byers. Umpires Ed Hall of Brainerd, Hugh Jennings of Ironton. Time of game 1 hour, 45 minutes. Attendance 863.

Cut this Out—It is Worth Money. DON'T MISS THIS. Cut out this slip enclose with 5c to Foley & Co., 2835 Sheffield Ave., Chicago, Ill., writing your name and address clearly. You will receive in return a trial package containing Foley's Kidney and Tar Compound, for coughs, colds and croup, Foley Kidney Pills and Foley Cathartic Tablets. H. P. Dunn

Exclusively American.

The production of maple sugar and maple sirup is purely an American industry, Canada being the only country other than the United States where they are made.

NEW TRAIN GAINS MANY PASSENGERS

Initial Run Sunday of New Afternoon and Evening Train Duluth to Staples and Back

A CAFE AND OBSERVATION CAR

Conductor John McNaughton, Engineer Bardsley, Fireman Sundeen, Brakemen Wilkins-Parnow

The new passenger train on the Lake Superior division of the Northern Pacific railway, Duluth to Staples and return, connecting with the coast trains, etc., had its initial run Sunday and was well patronized. On the first trip out it carried ten passengers for the coast.

Known as Train No. 59, it leaves Duluth daily at 10:30 a. m. and arrives in Brainerd at 2:10 p. m. and makes Staples at 2:55 p. m., making close connections with coast trains.

On the way back, as train No. 60 it leaves Staples at 6:15 p. m., leaves Brainerd at 7:05 and arrives in Duluth at 10:25 p. m. The cafe-observation car formerly on 55 and 56 has been transferred to the new trains.

The train crew on the first trip were Conductor John McNaughton, Brakemen Art Wilkins and Paul Parnow, Engineer Thomas Bardsley and Fireman Frank Sundeen.

ADDITIONAL FILINGS FOR CROSBY OFFICE

These additional filings were reported for office:

Judge of Probate Court—Judge J. T. Sanborn for re-election.
Commissioner 3rd district—John A. Erickson for re-election.
Representative-at-large Crow Wing and Morrison counties—Stephen E. Gartner.

BASEBALL BUNTS

Lynn Pettit of Verndale is home sick with a cold. He is so sick he can't play baseball, and the fans know that when he's in such shape he must be very sick indeed.

Park Rapids defeated Verndale 4 to 2. Bye pitched for Verndale, Miller for Park Rapids.

Rochester, Minn., June 7—U. S. Senator Robert M. LaFollette of Wisconsin, was operated upon by Dr. W. J. Mayo here today. He was on the operating table for half an hour while his gall sack was removed. The anesthetic had passed away at 9:15 and his condition at 10 o'clock was reported "good."

CITY'S NEW STREET LIGHTING SYSTEM

Shipment of Supplies Arrives After Months of Delay Because of Freight Congestion

THEY WILL USE LESS CURRENT

Will Obviate Need of Rectifiers Which Always Were a Source of Trouble in Upkeep

New street lights have arrived in Brainerd, the order for the same having been put in months ago and delays having been occasioned by the freight congestion, strikes, etc.

The new system does away with rectifiers which in the past have always proved a source of trouble and expense for the city. The new lights have reflectors and have 250 candle power, are much easier to keep in shape and to handle than the old arc type. They also use less current than the arcs.

HOLSTEIN SALES REACH \$728,775, SETTING NEW WORLD MARK AT AUCTION

Minneapolis, June 7—The new world's record was set at the Minnesota State Fair grounds when the Holstein-Friesian Association of America closed its national sale with \$3,075 as the average price paid for each of the 237 animals put on the auction block.

This is the highest individual average price ever reached at a national sale of any breed of cattle officers of the association announced. It broke the former record, established at a national Holstein sale in Milwaukee several years ago, by more than \$600. The previous record was \$2,433.

Besides setting the highest mark or individual average prices, the sale set established a record in amounts paid for several classes of purebred cattle. The record-breaking individual prices paid ran up the total sales at the grounds to \$728,775.

Saturday, the last day, was marked by the lowest figures of the event; 77 animals sold for \$103,750, an average of \$1,335.

Sale of Alcartra King Sylvia, two months old bull calf, for \$50,000, was the high mark of the sale. King Kornlyke Pontiac took second place with a price of \$41,000. He is a three year old bull. Pabst Kornlyke Cornflower set a new world record for four year old cows by selling for \$30,000, passing the previous high mark for her class by \$6,500.

Be All Right There. When Billy saw a picture of a family of 17 children he said: "Gee, that's too many for one house, but I would like to live with a party with."

Summer is Now Here You'll Want Summer Fabrics, Dresses

Summer is here at last. You'll think of summer fabrics and dresses. When you think of them think of our splendid showing of fabrics and dresses for summer comfort.

Probate Notice

State of Minnesota, County of Crow Wing, in Probate Court.

In the matter of the estate of Edna H. Green, Deceased.

On reading and filing the petition of Alice J. Green, the widow of the above named decedent, and the representative of his estate, representing amongst other things, that the probate proceedings had in the above entitled matter and the final decree entered therein are defective in this, that the land described in said probate proceedings is imperfectly described and defective, and one parcel of land was omitted therefrom, and praying that the said probate proceedings, and all had therein, be corrected and the court make and enter a decree correcting such final decree and all defective probate proceedings therein, which shall describe said land correctly;

It is ordered that said petition be heard before this court on the 29th day of June, A. D. 1920, at ten o'clock in the forenoon, at the probate court rooms in the court house in the City of Brainerd, in said county.

And it is further ordered that notice of the time and place of said hearing be given to all persons interested by publishing this order once in each week, for three successive weeks, prior to said date of hearing, in the Brainerd Dispatch, a daily newspaper printed and published at Brainerd, Crow Wing County, Minnesota.

Dated June 7th, A. D. 1920.

By the court,
(Probate Court Seal)

J. T. SANBORN,
Judge of Probate
SWANSON & SWANSON,
Attorneys for Petitioner.

LABOR NEWS

FARMERS' CO-OP. FAVORED

Washington, June 7.—By a vote of 234 to 58, the house declared in favor of collective bargaining and co-operation by farmers. The secretary of agriculture shall sit in judgment over the farmers' acts. If the cabinet official believes the farmers are liable to take a hint from the steel trust or the meat packers, he can order them to desist, and if they refuse the matter will be turned over to the department of justice, who may secure a permanent injunction against the horny sons of toil. The bill permits the farmers to act together in associations with or without capital stock. No member of such association shall have more than one vote. Farmers' associations having capital stock are not included in the Clayton law.

Advocates of the new legislation stated that now the farmer receives one-fourth of what he produces, with the remaining three-fourths going to transportation companies and to the brokers and wholesale and retail merchants. Opponents of the bill were told that they could spend their time with profit in urging legislation that would compel monster corporations to pay into the treasury a portion of their enormous war profits that have been made during the past few years.

RECORD COAL PRICES

Baltimore, June 7.—The cost of bituminous and gas coals to the consumers has reached the highest price in the history of the industry. Coal operators in Maryland, Pennsylvania and West Virginia, are making the greatest "killing" on record, according to a local coal man. The ruling price here was from \$8.50 to \$10 for soft coal and \$10.50 to \$11.50 for gas coal f. o. b. Nothing like the present condition was ever known in the trade. Five years ago the price was from \$5 to \$6, and it has never attained the later price since until the last two months. Bunker coal for steamships is commanding as high as \$14 in the harbor. This condition, the coal dealer said, is not caused by the railroads, but is the result of consumers not ordering, and the surplus is being sold to European buyers. What they are getting should be going to the northwest.

WOOLEN TRUST INDICTED

New York, June 7.—The American woolen company, known as the woolen trust, has been indicted by a federal grand jury on the charge of profiteering. Government officials state that besides enormous salaries received by Mr. Wood from two companies, last year he received \$151,842.36 in commissions. This is charged as a part of the manufacturing and selling expense of the goods.

Last year Mr. Wood declared that prices of living must come down. He protested against Lawrence Mass., merchants raising prices. Mr. Wood's protest, however, did not include woolen goods.

WANT UNION SHOP

Milwaukee, Wis., June 7.—The representatives of Painters' union No. 781, speaking for the men who are on strike for union shop, because the painter contractors refuse to sign an agreement, declared: "Employers are willing to pay \$5 cents an hour now when they need the men, but unless we have signed agreements, we have no assurance that this wage will prevail after the spring rush is over. We must have the protection of a collective bargain for our men, and this is what the strike is for."

She Feels Fine Now

Your kidneys need help. If your hands or feet are swollen and there is a puffy look under the eyes, Mrs. L. Gibson, 12th and Edison St., La-Junta, Colo., writes: "My kidneys gave me a great deal of trouble for some time. I took Foley Kidney Pills and they helped me right away. There is such a change in me I feel fine now." H. P. Dunn, druggist.—Advt.

BRAINERD PLEASED BY QUICK RESULTS

Everyone is pleased with the quick results of simple witchhazel, canaphor, hydrastis, etc., as mixed in Lavoptik eye wash. One man's eyes were so badly strained he could not read without pain. Two applications relieved him. A lady with weak, inflamed eyes was greatly helped by ONE bottle. We guarantee a small bottle of Lavoptik to help ANY CASE weak, strained or inflamed eyes. H. P. Dunn, druggist.—Advt.
